horse of philosophy

" but that makes me

i have lost myself
in my purpose

" purpose?

horse of change

"i've always only known how to gallop. i've had no masters except my desire , desire fueling ambition fueling determination. why did my desire put me in unkown lands

i wonder if they gallop at home."
-horse of nostalgia

horse of change does not like horse of nostalgia. horse of wisdom neither, nor horse of independence

horse of happiness however is conflicted upon the matter.

until the horse of senses comes in, every horse bends to horse of senses horse of senses seeks sensory pleasure horse of senses loves stimulation.

all other horses want to fulfil whatever this horse desires. so much so that it will overtake this zine and we will now be bearing with horse of senses.

BEYOND HEARING & SEEING GALLOPS ARE FELT

stimulate.

MANIFESTO OF THE HORSE.
ABOUT STIMULATION & DESIRE

we get what we want and
we like getting what we want.
we like seeing hearing speaking tasting touching

the vision

abstraction

some things are meant to be not known
and some are .
we dont need to question the tree how it made the apple. we can
take the apple and go, next apple might be waiting.

horse of curiosity might ask ‘why?, how?’
but does that question help with horse vision?

we are focused
we horses must be aligned, horse of curiosity
is a young horse

we all must thank horse of curiosity for knowing what we know .
but, sometimes we must move.

we know what we want to know and we must help horse of
curiousity, we must we must we must

we found beauty in not knowing
we must not always explain why we are galloping
humans love seeing us do that
abstraction beautifies us.

abstraction is a horse vision.

tree of giving

do we care if one apple is mixed with an apple from another tree
multiple apples is what we want

cider is what we want

if its your apple play you can make anything with it
even puree

“even pies?”-horse of curiousity

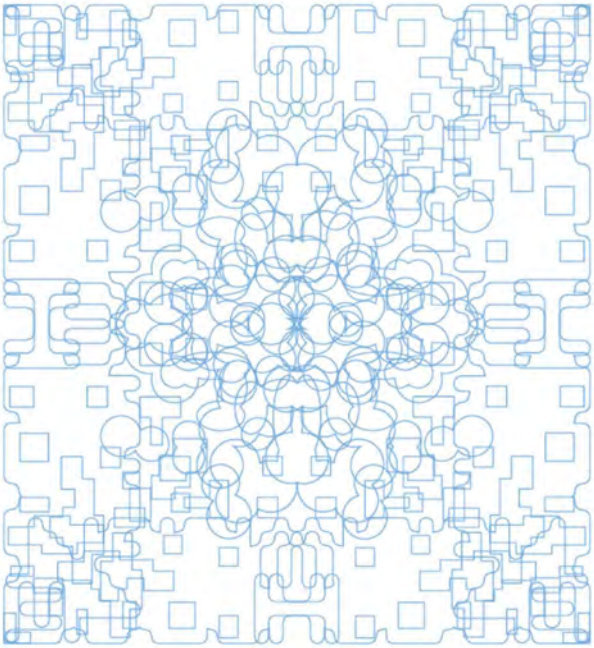

what did we say about abstraction

remixed things have new meaning

own originals own remix.

horses of wisdom and solemn hate
when horse of senses speaks.
“he must be out of his senses”

“why must we do what he wants
the horse of desire is still the strongest
unkown but

“the sky is not chaotic it soothes the
s e n s e s ”

they speak true all horses do come from
the horse of desire
horse of philosophy has made sure horse
of desire stays unkown

"we listen to horse of senses and we feel fleeting
joy, it never stays

STOP LISTENING TO HORSE OF SENSES"

hello,
fruit of desire

“my dear dear dear dear
apple oh my apple,
you are what this horse desires all other horses want what i want but they hide it behind bigger words, i’m not like other horses
my dead dear dear dear apple”
- horse of desire

horse of philosophy keeps his distance from horse of desire

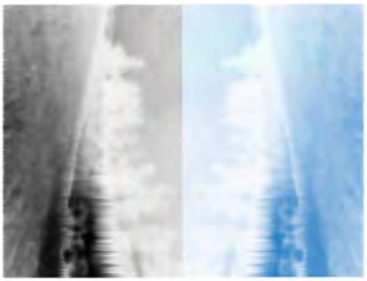

all horses are where they are because of horse of desire

t h e
v i s i o n

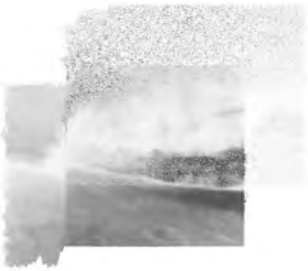

breaking rules
but with grace
but with control
but everything is a rule

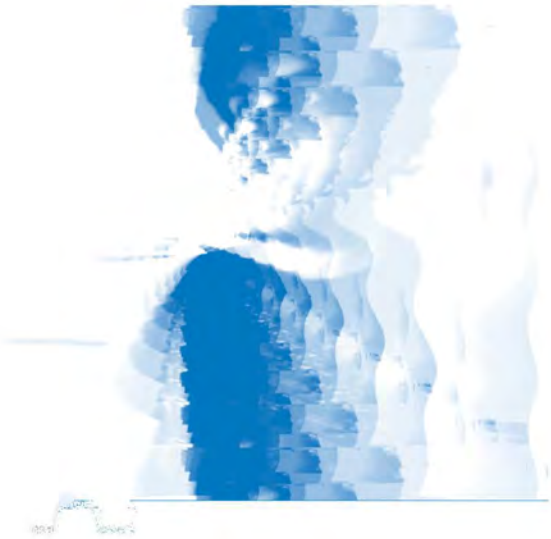

horse of desire
rarely stops after
his desire is
fulfilled.
“i deserve it”

when horse of
philosophy tells
others of desire’s
juvenile ways.
all agree

why does he
deserve it
every horse
knows what they
are, desire
doesnt.

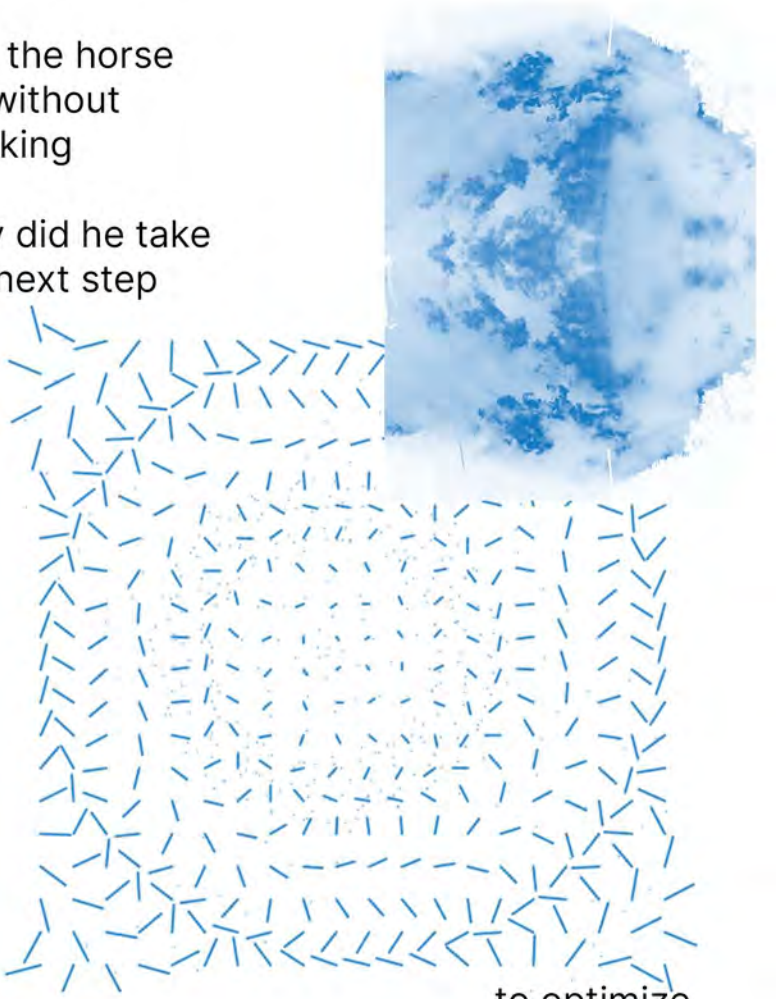

“horse of desire
must not be
followed”
wisdom neighs the
loudest

t h e

can the horse
go without
thinking

why did he take
his next step

to optimize
apple eating
horse only
thinks once a
day now

“introspection cant be our purpose, as much as we/(i) like it.

we/ (i) demonized horse of senses
we/ (i) demonized horse of desire

but their world was beyond introspection”

-horse of wisdom
